

# The Chile Chico

January 2011, Vol. 19

I'm sure some of you scratch your head, wondering just what is Tumpline Ministries all about? Adventure trips you say. Yes, that's part of it, but adventure is just the carrot that entices our young people to get out of their comfort zone, to talk about spiritual things, to study God's word, to pray, to be mentored, to mature and grow in the Lord.

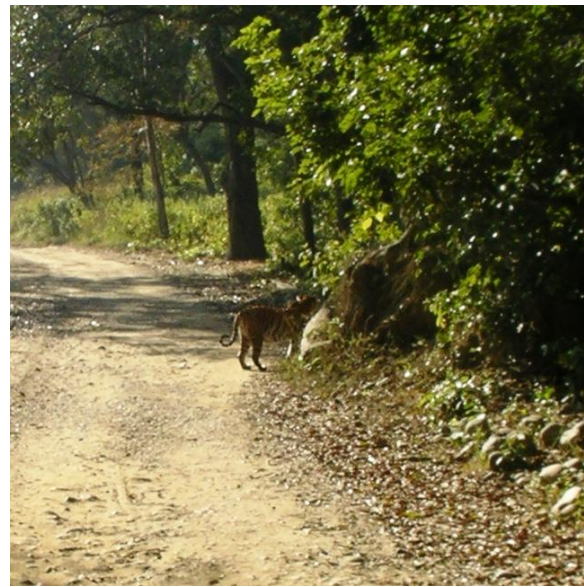

This year was no different. We had several very different and exotic trips. A mission trip to Peru, serving with the Rockwell's in January. In late May, we hosted a hike in the highlands of Scotland, followed by a men's retreat to northwestern Ontario. In August, we led a deep wilderness canoe trip in Labrador.

Our final trip of 2010 was a mission trip to "Asia" serving with the Taylor's.

Over the year, we saw some of God's most beautiful creation and met people from different cultures in different parts of the

world. We confirmed that our God has His people in every corner of that world. I have no doubt this ministry has had an impact on the lives of many youth, particularly college age. If you are still scratching your head, join us on a trip. Find out what you're missing.

Finally, thank all of you who prayed for us while we were in "Asia". It was, at times, a scary place and I am convinced your prayers kept us safe and healthy.

Thank you all for your prayers and support!
