

# The Chile Chico

July 2013- Vol. 36

*South Flathead River in the Bob Marshall Wilderness Preserve, Montana*

**Elohim** or strong Creator, is the Hebrew name in Genesis 1:1 used to describe the “creator of the heavens and the earth.” I believe it is impossible to explore God’s creation without thinking and reflecting on His great power and majesty. Our recent 100 mile hike through the Bob Marshall Wilderness in Montana was no exception. But this wonderful creation comes with a warning. In Romans 1:18-21, we are clearly taught that His creation points to “His eternal power and Godhead, so that they are without excuse.” Without excuse from what? From not acknowledging in Him as the one true God, the creator and sustainer. The story isn’t over....He has further revealed Himself through the Bible, His written word. That’s what Tumpline Ministries is all about! Using His creation as a means to tell others the complete story, about our precarious human condition when we do not trust alone in this righteous Elohim; about knowing His forgiveness and

the new life we can have because of what our Lord Jesus Christ has done for us! So join us if you dare! You will see beauty few have ever seen!

*Evening devotions – studying the book of Philippians*

Please keep this ministry in your prayers! We leave for Labrador, Canada on July 27<sup>th</sup> on a deep wilderness canoe trip. I can’t wait to see what new wonders our Elohim has in store for us!

In His service,  
*Dan and Jan*
